COMPANY OVERVIEW

Omnia Components started its activity in Trieste, Italy, in the spare parts market and is today a leader in the European household spares distribution.

Commitment, reliability and efficiency have allowed Omnia to become a trusted partner of the most important brands in the industry, and to expand its activity in the Ho.Re.Ca., vending and refrigeration segments.

Since 2015 Omnia is part of a leading group together with MTH,
manufacturer of refrigerating doors, cold rooms and refrigeration systems.
