Washing

Accessories and products for washing machines, dishwashers and dryers.
Professional results in the comfort of your home.

DET110UN

Descaler, degreaser and sanitiser for washing machines and dishwashers

Its special formula effectively reduces limescale deposits, cleans grease and detergent residue, even in the most difficult to reach parts and prevents the formation of unpleasant odours. These three combined actions help to extend the life of the appliance.

Pack of 12 single-dose 50 gr bags

DET104UN

Degreaser powder for washing machines and dishwashers

The ideal solution for keeping your washing machine and dishwasher clean and efficient.

Results visible even after the first treatment.

200 gr bottle with sealing cap.

DET105UN

Descaler powder for washing machines and dishwashers

Effective in eliminating limescale deposits in washing machines and dishwashers. It helps to keep the pipes clean, optimising performance and prolonging the life of the appliance.

200 gr bottle with sealing cap.

DET106UN

Detergent for dishwasher in powder - 75 washing

Effective against dirt, for perfectly degreased and shiny dishes. Thanks to its special formula, the detergent is suitable for any water hardness and active at any temperature.

1.5 kg bottle- for 75 washing cycles.

DET107UN

Dishwasher rinse aid

For shiny and spot-free dishes.
Helps remove limescale deposits from dishes for quick and flawless drying..

250 ml bottle.

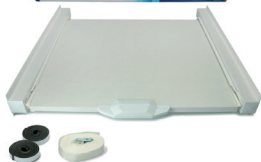

DET109UN

Dishwasher deodorant

Neutralises odours and releases a fresh lemon scent in the dishwasher.
It is easily installed on the upper basket, thanks to a simple hook.
Also active during washing. Residue-free dishes.

Pack of 2- for 100 washing cycles.

ACW001UN

Laundry stacking kit

Allows you to safely stack the dryer over the washing machine for a space-saving solution in the laundry area. Equipped with a convenient removable shelf that can support up to 20kg, to load and unload laundry without having to bend over. Simple and secure fastening thanks to the straps included. Suitable for all 60x60cm appliances.

Colour: white.

ACW002UN

Anti-vibration steel support for washing machine on wheels

The support, with wheels, allows you to easily move the washing machine and can withstand up to 300kg. The four anti-vibration elements reduce vibrations and noise, especially during the spin cycle. The stability of the washing machine is ensured thanks to a practical front braking system. Adjustable width and depth: 40-70cm

Colour: white.

Foam filters for dryers

FIL350AC

Compatible Beko 2964840100
Size: 241x153mm,
thickness 7mm.

FIL350BO

Compatible Bosch 12007650
Size: 230x130mm,
thickness 20mm.

FIL350GO

Compatible Gorenje 810183
Size: 280x135mm,
thickness 20mm

FIL351GO

Compatible Gorenje 327136
Size: 235x103mm,
thickness 15mm.

FIL351MI

Compatible Miele 6057930
Size: 260x200mm,
thickness 4mm.

FIL352MI

Compatible Miele 09688381
Size: 225x45mm,
thickness 5mm. Kit 2 pz

FIL353MI

Compatible Miele 7070070
Size: 220x133mm,
thickness 28mm.

FIL350SA

Compatible Samsung DC62-00376A
Size: 233x103mm,
thickness 14mm.

LFT003UN

Anti-vibration feet for washing machines

The feet are easy to place under the washing machine, to cushion the vibrations produced during operation. Made of thermoplastic resin, they protect the floor from any scratches, due to the slight movement of the machine in operation. Suitable for any washing machine.

4-piece kit.

ACW000ZN

Drip tray

Placed under the washing machine or dishwasher, it captures minor water losses, protecting the floors especially those made of wood. Major leaks are channelled to the front where they can be detected and resolved accordingly.

Colour: white.

TAP001UN

Magnetic anti-limescale device for showers

The powerful action of its magnets prevents the formation of limescale.

Blister pack of 1 piece.

TAP002UN

Magnetic anti-limescale device for washing machines and dishwashers

The powerful action of its magnets prevents the formation of limescale on the heating elements of household appliances, improving their performance and extending their average life.

Blister pack of 1 piece.

Cooking

Our range of oven and hob care products.

DET202UN

Universal cleaner for hobs

Cream for cleaning stainless steel, glass ceramic and induction hobs. Its gentle action cleans to perfection and protects any type of surface.

250 ml bottle.

DET203UN

Degreaser for oven and grills

This highly-effective degreasing spray is ideal for quickly removing grease, carbon residue and soot from ovens, grills, hoods and kitchen equipment. Its special formula does not drip down the vertical walls and leave streaks.

500 ml bottle.

COK900UN

Cover for electric plate Ø155mm

The stainless steel plate cover helps protect the electric hob from scratches and dirt.

Size: Ø155 mm.

COK901UN

Cover for electric plate Ø185mm

The stainless steel plate cover helps protect the electric hob from scratches and dirt.

Size: Ø185 mm.

HOD101UN

Universal grease filter for extractor hoods

High quality polyester filter, to keep the air in the kitchen clean and healthy. We recommend replacing it approximately every 3 months to maintain a satisfactory level of filtration.

Size: 119x50 cm.

HOD050UN

Pure activated carbon

Premium activated charcoal to eliminate kitchen odours, fumes, gases and solvents. Absorbs and captures harmful substances.

400 g bottle.

HOD028UN

Carbon filter for extractor hoods - Model CARBFILT4

Effective for eliminating odours and vapour during cooking. Activated carbon, with excellent absorbency, is the ideal solution for purify and deodorising the air.

Size: Ø130 mm- 2 pieces.

HOD002FB

Carbon filter for extractor hoods - Compatible: FABER 112.0067.944

Effective for eliminating odours and vapour during cooking. Activated carbon, with excellent absorbency, is the ideal solution for purify and deodorising the air.

Compatible with FABER 112.0067.944

Size: Ø150 mm- 2 pieces.

HOD003FB

Carbon filter for extractor hoods - Compatible: FABER 112.0157.243

Effective for eliminating odours and vapour during cooking. Activated carbon, with excellent absorbency, is the ideal solution for purify and deodorising the air.

Compatible with FABER 112.0157.243

Size: 265x235x19 mm.

HOD004FB

Carbon filter for extractor hoods - Compatible: FABER 112.0157.242

Effective for eliminating odours and vapour during cooking. Activated carbon, with excellent absorbency, is the ideal solution for purify and deodorising the air.

Compatible with FABER 112.0157.242

Size: 195x140x19 mm- 2 pieces.

COK955UN

Analogue oven thermometer

Accurately monitors cooking temperatures up to 300°C.

Temperature range: 0°/+300°C.

COK956UN

Analogue food thermometer

The perfect accessory to accurately check the temperature of food when cooking.
Can only be used in electric and gas ovens.

Temperature range: 40°/+110°C.

Refrigeration

All the water filters and accessories you need to care for your fridge.

Water filters for BOSCH fridges

They improve the taste of water and ice, reducing chlorine, mercury, lead and impurities.

Lighting

Wide range of bulbs for household appliances.

Oven bulbs

LMP100UN 15W E14

Oven bulb, not suitable for domestic lighting.
E14 screw cap, 15W, 240V.
75 Lumen.
Maximum temperature: 300°C.
Average lifespan: 1500h.

Size: 48x22 mm.

LMP101UN 25W E14s

Oven bulb, not suitable for domestic lighting.
E14s screw cap, 25W, 235V.
125 Lumen.
Maximum temperature: 300°C.
Average lifespan: 1500h.

Size: 48x22 mm.

LMP104UN 40W E14

Oven bulb, not suitable for domestic lighting.
E14 screw cap, 40W, 230V.
340 Lumen.
Maximum temperature: 300°C.
Average lifespan: 1500h.

Size: 70x45 mm.

LMP105UN 40W E27

Oven bulb, not suitable for domestic lighting.
E27 screw cap, 40W, 230V.
340 Lumen.
Maximum temperature: 300°C.
Average lifespan: 1500h.

Size: 70x45 mm.

Oven bulbs

LMP106UN 25W E27

Oven bulb, not suitable for domestic lighting.
E27 screw cap, 25W, 230V.
200 Lumen.
Maximum temperature: 300°C.
Average lifespan: 1500h.

Size: 70x45 mm.

LMP107UN 40W E14

Oven bulb, not suitable for domestic lighting.
E14 screw cap, 40W, 230V.
340 Lumen.
Maximum temperature: 300°C.
Average lifespan: 1500h.

Size: 70x45 mm.

LMP108UN 15W E14s

Oven bulb, not suitable for domestic lighting.
E14 screw cap 15W, 230/240V.
75 Lumen.
Maximum temperature: 300°C.
Average lifespan: 1500h.

Size: 48x22 mm
blister pack of 2 pieces.

LMP109UN 25W E14

Oven bulb, not suitable for domestic lighting.
E14 screw cap, 25W, 230/240V.
125 Lumen.
Maximum temperature: 300°C.
Average lifespan: 1500h.

Size: 48x22 mm
blister pack of 2 pieces.

Oven bulbs

LMP110UN 40W E14

Oven bulb, not suitable for domestic lighting.
E14 screw cap 40W, 230/240V.
400 Lumen.
Maximum temperature: 300°C.
Average lifespan: 1000h.

Size: 70x45 mm.

LMP111UN 40W E27

Oven bulb, not suitable for domestic lighting.
E27 screw cap, 40W, 230V.
400 Lumen.
Maximum temperature: 300°C.
Average lifespan: 1000h.

Size: 70x45 mm.

LMP406UN 10W G4

Oven bulb, not suitable for domestic lighting.
G4, 10W, 12V.
95 Lumen.
Maximum temperature: 300°C.
Average lifespan: 1500h.

Size: 31x9 mm.

LMP407UN 20W G4

Oven bulb, not suitable for domestic lighting.
G4, 20W, 12V.
235 Lumen.
Maximum temperature: 300°C.
Average lifespan: 1500h.

Size 31x9 mm.

Oven bulbs

LMP408UN 40W G9

Oven bulb, not suitable for domestic lighting.
G9, 40W, 230V.
600 Lumen.
Maximum temperature: 300°C.
Average lifespan: 1500h.

Size: 40x13 mm.

Microwave oven bulbs

LMP600SA 20W

Bulb for microwave oven, not suitable for domestic lighting.
20W, 230V.
140 Lumen.
Maximum temperature: 300°C.
Average lifespan: 1500h.

Size: 75x5,15 mm
Compatible with Samsung 4713-001524.

Bulbs for extractor hoods

HOD800UN 40W E14

Bulb for extractor hoods, not suitable for domestic lighting.
E14 screw cap, 40W, 220V.
340 Lumen.
Maximum temperature: 300°C.
Average lifespan: 1500h.

Size: 82x25 mm.

HOD801UN 40W E14

Bulb for extractor hoods, not suitable for domestic lighting.
E14 screw cap, 40W, 220V.
420 Lumen.
Maximum temperature: 300°C.
Average lifespan: 1500h.

Size: 82x25 mm
blister pack of 2 pieces.

Fridge light bulbs

LMP201UN 15W E14

Light bulb for fridges, not suitable for domestic lighting.
E14 screw cap, 15W, 230V.
100 Lumen.
Average lifespan: 1500h.

Size: 57x22 mm.

LMP202WH 2W E14

Light bulb for fridges, not suitable for domestic lighting.
E14 screw cap, 2W, 230V.
105 Lumen.
Average lifespan: 1500h.

Size: 55x25 mm
Compatible: Whirlpool 484000008964.

Fridge light bulbs

LMP203UN 15W E14

Light bulb for fridges, not suitable for domestic lighting.
E14 screw cap, 15W, 230/240V.
100 Lumen.
Average lifespan: 1500h.

Size: 57x22 mm
blister pack of 2 pieces.

LMP204UN BLUE - 25W E14

Light bulb for fridges, not suitable for domestic lighting.
E14 screw cap, 25W, 230/240V.
125 Lumen.
Average lifespan: 1500h.

Size: 82x25 mm
Compatible with Bosch 00612235.

LMP205UN BLUE - 40W E14

Light bulb for fridges, not suitable for domestic lighting.
E14 screw cap, 40W, 230V.
200 Lumen.
Average lifespan: 1500h.

Size: 82x25 mm.

LMP206UN 25W E14

Light bulb for fridges, not suitable for domestic lighting.
E14 screw cap, 25W, 230V.
125 Lumen.
Average lifespan: 1500h.

Size: 57x22 mm.

Air Conditioning

Everything you need for air conditioner maintenance.

ACP700UN

Universal electrostatic filter for air conditioners - 380x180 mm

Purifying filter for dust, bacteria, pollen and mould.
Cut to size and insert into the air intake compartment.

Average duration: 6-12 months

Size: 380x180 mm.

ACP701UN

Universal electrostatic filter for air conditioners - 300x110 mm

Purifying filter for dust, bacteria, pollen and mould.
Cut to size and insert into the air intake compartment.

Average duration: 6-12 months

Size: 300x110 mm.

DET006UN

Refreshing and cleaning spray for air conditioners

Sanitising, cleaning and refreshing treatment for all air conditioning systems.

Eliminates odours caused by bacteria, fungi and moulds. Extends the system maintenance intervals and optimises functionality.

The filter should be replaced after each treatment and, in any case, at least every 6 months.

500 ml bottle.

Household care

Our products for small household appliance care.

DET201UN

Coffee machine descaler

Effectively removes grease, starch and other residue inside coffee machines.
Helps to optimise performance and extend the life of the appliance.

250 ml bottle.

DET300UN

Iron descaler

Limescale deposits in irons decrease ironing temperatures, increase consumption and clog steam holes. The iron descaler effectively eliminates the limescale that builds up in the appliance, increasing its performance.

250 ml bottle.

THE501UN

Fridge and freezer thermometer

Ideal for monitoring the temperature and ensuring the correct preservation of food.

Temperatures: -30°C/+40°C.
